Dear Hunters,

Each fall I look forward to swinging my shotgun over my shoulder and heading out for a walk through heavy cover with my watchful bird dog, Ellie May. It doesn't get much better than a cool Wyoming morning with Ellie's nose pointed into a breath of wind as I wait for her to get "birdy." The sound of sudden flapping wings, a well-placed shot (or sometimes not so much) and the successful retrieve feeds my passion for bird hunting.

As the director of the Wyoming Game and Fish Department and a fellow hunter, I want to say thank you. Hunting is conservation in its most historic and pure form. Your deep appreciation for Wyoming's wildlife is reflected in the tremendous diversity and abundance of wildlife we have in our state.

Hunters make the outdoors better and have a big role in ensuring healthy wildlife and habitats. As sportspeople, your support and care for wildlife and the outdoors are why Wyoming's game birds, small game, wild turkeys and migratory birds are some of the best in the world.

A hunter's dedication to conservation can be a complimentary boost to nature, and I am truly looking forward to a great 2023 season. It is currently raining as I write this and has been every day for the last several weeks in Cheyenne. Although the rain has been an inconvenience at times, it plays a crucial role in producing vegetation and insects. The abundant rain will mean good nesting cover, food and habitat for broods this year.

When you buy a hunting license, you invest in conservation, wildlife management and public access for today's hunters and future ones. We can't forget about our aspiring hunters. It's imperative we provide young hunters with opportunities to learn about conservation, ethics and safety. By investing in our youth, we invest in Wyoming's future. Inspire a kid; it's for life!

Thank you for choosing Wyoming for your fall hunts. I wish you the best in your harvest pursuits.

Brian Nesvik, Game and Fish Director

Management Areas.

ACCESS ON LANDS ENROLLED IN THE DEPARTMENT'S ACCESS YES WALK-IN AREAS OR HUNTER MANAGEMENT AREAS

Access to private lands enrolled in the Access Yes Walk-In or Hunter Management Program is granted only for the take of wildlife species and for the time periods specified in Department publications. Travel by motorized vehicle is prohibited, except as otherwise stated. Hunters wishing to use enrolled private lands for any other wildlife species, activity or time period must obtain permission from the landowner or person in charge of the property. Department publications or signs shall serve as official regulations of the Commission and may advise of additional restrictions. The landowner or person in charge of the property may grant permission for motorized vehicle travel contrary to that specified by Department signs or publications.

ACCESS YES PROGRAM

The Access Yes Program was established to help address the difficulties of finding places to hunt and fish. Sportspersons can voluntarily donate any whole dollar amount to Access Yes when they purchase or apply for a license. Contributions are used to secure additional public hunting and fishing access on private lands and inaccessible public lands. Donating helps support the program, but does not provide or imply access to all private or inaccessible public lands in Wyoming.

AGE RESTRICTIONS; GAME BIRDS AND WILD TURKEY

All persons fourteen (14) years of age and older shall possess the proper license while hunting game birds in Wyoming. Federal regulation requires all persons, regardless of age, to possess a valid state crane permit while hunting sandhill crane(s).

Residents under fourteen (14) years of age

- A resident person under fourteen (14) years of age may take game birds without a Wyoming game bird license if accompanied by an adult. A resident person under fourteen (14) years of age may take their own limit.
- A resident person under fourteen (14) years of age who possesses a sandhill crane permit need not obtain a Wyoming game bird license if accompanied by an adult.

Nonresidents under fourteen (14) years of age

- A nonresident person under fourteen (14) years of age may take game birds without a Wyoming game bird license if accompanied by an adult possessing a valid Wyoming game bird license. Game birds taken by an unlicensed, nonresident person under fourteen (14) years of age

shall be applied to and limited by the daily bag and possession limits of the licensed adult in their company.

- A nonresident person under fourteen (14) years of age who possesses a valid Wyoming game bird license and conservation stamp may take their own limit of game birds.
- A nonresident person under fourteen (14) years of age who possesses a sandhill crane permit need not obtain a Wyoming game bird license or conservation stamp if accompanied by an adult possessing a valid, unexpired Wyoming game bird license, conservation stamp and a valid sandhill crane permit, in which case any sandhill crane taken by the nonresident person shall not be applied to and limited by the sandhill crane permit held by the adult in their company.

NOTE: All resident and nonresident wild turkey hunters, including persons under fourteen (14) years of age, shall possess a valid wild turkey license. Wild turkey hunters under fourteen (14) years of age shall be accompanied by an adult.

AGE RESTRICTIONS; SMALL GAME

No person fourteen (14) years of age or older shall take any small game animal without first obtaining the proper license.

Residents under fourteen (14) years of age

- A resident person under fourteen (14) years of age may hunt small game without obtaining a small game animal license.

Nonresidents under fourteen (14) years of age

- A nonresident person under fourteen (14) years of age need not obtain a small game animal license or conservation stamp if accompanied by an adult possessing a valid unexpired Wyoming small game animal license and conservation stamp in which case the nonresident person's bag limit shall be applied to and limited by the small game hunting license held by the adult in their company.
- A nonresident person under fourteen (14) years of age who possesses a valid small game animal license and conservation stamp may take their own limit of small game.

ARCHERY HUNTING

Bow and arrow or crossbow are permissible equipment to take small game, game birds and migratory game birds. No special archery license is required to hunt game birds or small game with archery equipment; however, archers must first obtain the proper hunting license and, if required, stamps and permits for the species to be hunted. Archers must comply with the regulations established for the regular hunting season, including open season dates.

ARTIFICIAL LIGHT FOR HUNTING PROHIBITED; EXCEPTION

No person shall take any wildlife with the aid of or by using any artificial light or lighting device except as provided by statute and Commission regulation. Predatory animals may be taken with the aid of an artificial light or lighting device, including thermal or infrared imaging or other light imaging by:

- i. A public officer authorized to and conducting predator control;
- ii. A landowner, resident manager or person with the landowner's or a resident manager's written permission to take predatory animals, on land under the landowner's control for the protection of their property.
- iii. Any person taking a predatory animal on public or state land is subject to limitations established by the Commission.

It is prima facie evidence of a violation if a person uses an artificial light in an area that may be inhabited by wildlife while having in their possession and control any device for taking wildlife.

This shall not prohibit the hunting on foot of raccoon with the aid of a handlight, provided the hunter is accompanied by a raccoon hunting dog and, if hunting on private land(s), has the written permission of the landowner or their agent.

BAIT RESTRICTIONS

No person shall take a game animal, game bird or game fish and use any part thereof for bait to hunt, trap or poison any wildlife of Wyoming.

BANDED BIRDS; REPORTING

If you have found or harvested a banded bird, please report it at www.reportband.gov. You will be asked to provide the band number as well as the location, date and how you recovered the bird. Your contact information will be requested in case there are any questions. The U.S. Geological Survey's Patuxent Bird Banding Lab will send you a certificate of appreciation that includes information about the sex, age and species of bird, and where and when it was banded. You may keep the band. ***Please note: Even if the band you recover is inscribed with a 1-800 number, as of July 2, 2017, you can only report it at www.reportband.gov.***

CHECK STATIONS

Every hunter, angler or trapper entering or leaving areas for which check stations have been established shall stop and report at the check station if the check station is on the hunter's, angler's or trapper's route to and from the hunting or fishing area. ***This requirement applies even***

if the person does not have wildlife in possession. Game and fish licensees shall produce their licenses, permits or stamps as required by regulation for any game animals, game birds, fish or furbearing animals in their possession for inspection upon request by any authorized department representative.

CLOSED AREAS

All areas within the state of Wyoming not opened by specific order of the Commission shall be closed to the taking of game animals, furbearing animals and game birds.

CLOTHING REQUIREMENT

Hunters Required to Wear Fluorescent Orange or Fluorescent Pink Clothing

The wearing of fluorescent orange or fluorescent pink clothing while hunting small game and game birds is recommended as a safety measure and is required when hunting pheasants on Department Wildlife Habitat Management Areas or on Bureau of Reclamation Withdrawal Lands bordering and including Glendo State Park. Fluorescent orange camouflage or fluorescent pink camouflage are legal.

CROW SEASON

The entire state of Wyoming shall be open to the taking of crows from November 1 through December 31 and from January 1 through February 28. No hunting license is required to hunt crows. Crows may be taken by use of firearms, bow and arrow, and falconry. There is no bag limit. While there is a hunting season for crows, ravens may not be hunted. The best method of distinguishing between the two species is the shape of the tail while in flight. The crow has a square tail while the raven has a wedge-shaped tail (see diagram).

DISABLED HUNTER INFORMATION

Contact the Cheyenne Headquarters or any Department Regional Office for specific information.

DUPLICATE AND REPLACEMENT LICENSE ISSUED UPON LOSS OR DESTRUCTION OF ORIGINAL; PURCHASE AND FEES

When any license issued has been lost or destroyed, the licensee may secure a duplicate of the original license from the Cheyenne Headquarters, any Department Regional Office or designated license selling agents. A duplicate license shall be issued if the original license **contained a carcass coupon**. A replacement license shall be issued if the original license did **not contain a carcass coupon**. The licensee may secure a replacement license at the Cheyenne Headquarters, Department Regional Offices or from ELS agents. The Department shall charge a fee of seven dollars (\$7) for each duplicate or replacement license.

EMERGENCY CLOSURES

The Commission may institute an emergency closure by regulation to shorten the season in any area at any time if a harvest quota is reached or if an emergency arises warranting the closure. Should a closure become necessary after the season opens, no refunds will be given for unused licenses.

FALCONRY LICENSES

Licenses to hunt with trained raptors may be purchased from the Cheyenne Headquarters, Department Regional Offices and designated license selling agents. The license entitles the holder thereof to hunt, pursue and kill game birds and small game animals with the use of trained raptors and in accordance with Commission regulations. Persons holding a proper falconry license may hunt, pursue and kill game birds without distinction of sex in any hunt area in which the falconry season is open for the taking of game birds. Persons hunting with trained raptors must also hold a valid hunting license for the species being hunted.

FEDERAL MIGRATORY BIRD HUNTING AND CONSERVATION STAMP (Federal Duck Stamp)

Federal law requires each waterfowl hunter sixteen (16) years of age or

This stamp is required to take ducks, geese and mergansers. However, a Federal Duck Stamp is not required to take mourning doves, sandhill cranes, coots, snipe, rails or crows. Federal ducks stamps expire June 30 of each year.

FIREARM CALIBERS AND LEGAL WEAPONS FOR GAME BIRDS AND SMALL GAME

Except as provided below, game birds, excluding wild turkey, blue and ruffed grouse, may only be taken by a center-fire or muzzle-loading shotgun not larger than ten (10) gauge plugged to admit no more than one (1) shell in the chamber and two (2) shells in the magazine. Wild turkey may only be taken by any shotgun, center-fire firearm, .17 HMR or larger rimfire firearm with an overall cartridge length greater than one (1) inch, any muzzle-loading firearm, or any archery equipment. Blue grouse, ruffed grouse and small game may be taken in any manner except as prohibited by Wyoming Statute.

HARVEST SURVEY

Each year a request to participate in the harvest survey is sent to a sample of hunters. Since a person can hunt multiple species in Wyoming, some hunters may be asked to complete more than one harvest survey questionnaire. Your reply provides critical data the Department uses to evaluate the past hunting season and set future hunting seasons. Even if you did not hunt, we need to hear from you to accurately track hunter effort. We ask that you reply online, if possible, as soon as you are done hunting each species for the year. Your time and assistance are much appreciated.

HUNTER SAFETY/MENTOR PROGRAM; EXEMPTION

Except as otherwise provided, no person born on or after January 1, 1966, may take wildlife by the use of firearms on land other than that of their own family, unless that person can demonstrate they have obtained a certificate of competency and safety in the use and handling of firearms. Attendance and successful completion of a hunter safety course offered by an association or governmental agency approved by the Commission satisfies the requirements of this section.

- A person who has not received a certificate of competency and safety in the use and handling of firearms may apply to the Department for a special authorization to take wildlife with the use of a firearm while being accompanied by a person acting as a mentor. A special authorization shall be valid for one (1) year from the date of issue and shall be in the possession of the recipient at all times while in the field. The application process may be completed on the Department website.

Any person acting as a mentor shall be at least eighteen (18) years of age, shall possess a valid hunting license, and shall demonstrate they have successfully completed a hunter safety course. A mentor shall not provide supervision for more than one (1) person at a time in the field, other than immediate family members, and shall accompany the mentee at all times to provide constant supervision.

- A person under fourteen (14) years of age who has not yet received a hunter safety certificate may take small game and game birds while being accompanied by a mentor who possesses a valid Wyoming small game or game bird license and conservation stamp.
- Any active member, honorably discharged past member or veteran of the armed forces of the United States and any active or retired Wyoming peace officer qualified pursuant to Wyoming Statutes § 9-1-701 through § 9-1-707 may obtain an exemption from the hunter safety requirement. Hunter safety exemption applications are available at the Cheyenne Headquarters and Department Regional Offices. ***This hunter safety exemption is not valid for hunting elk within Grand Teton National Park (Hunt Areas 75 and 79), or for persons acting as mentors in the Hunter Mentor Program.***

LICENSE EXPIRATION

Game bird and small game licenses expire on the date indicated on the license.

LICENSE FRAUD PROHIBITED; INVALIDATION BY IMPROPER FEES

Department licenses, permits, stamps, tags or coupons shall not be altered by anyone other than authorized Department personnel. No license, permit, stamp, tag or coupon shall be transferred or used for the purpose of taking wildlife except by the individual to whom it was issued and therein named and while in that individual's possession. No individual shall take or attempt to take any wildlife using another individual's license, permit, stamp, tag or coupon. Any license, permit, stamp, or tag shall not be valid unless the proper fees have been received by the Department. Any Wyoming Game and Fish law enforcement officer may seize as evidence any license, permit, stamp or tag that was obtained in violation of Commission regulations or Wyoming statutes.

PURCHASE A CONSERVATION STAMP

MIGRATORY GAME BIRDS

Migratory game birds that may be legally taken during authorized seasons by properly licensed hunters include coots, doves, ducks, geese, mergansers, rails, sandhill cranes and snipe. A license is not required to take crows.

MIGRATORY GAME BIRDS: LABELING AND SHIPPING

Labeling. No person shall give, put or leave any migratory game birds at any place (other than at their personal abode) or in the custody of another person unless the birds are labeled by the hunter with the following information:

1. The hunter's signature
2. The hunter's address
3. The total number of birds by species
4. The dates such birds were killed

Labeling is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipping or taxidermy services.

Shipping. No person shall ship migratory game birds unless the package is marked on the outside with: (1) the name and address of the person sending the birds; (2) the name and address of the person to whom the birds are being sent; (3) the number of birds by species, contained in the package; and, (4) interstate game tag where required.

NATIONAL MIGRATORY BIRD HARVEST INFORMATION PROGRAM (HIP)

Each licensed hunter who hunts migratory game birds shall complete a current Wyoming validation for the National Harvest Information Program (HIP) and shall obtain a Wyoming HIP permit. This requirement also applies to holders of pioneer and lifetime hunting licenses. Each licensed hunter engaged in the act of hunting doves, ducks, geese, mergansers, coots, rails, sandhill cranes or snipe shall be in possession of a Wyoming HIP permit. Each person obtaining a HIP permit for the purpose set forth in this section shall validate the permit by signing the person's name in ink across the face of the permit. HIP permits expire on June 30 each year.

Wyoming HIP permits shall be available only on the Department website. Only one HIP permit is required to hunt all species for the entire migratory game bird season. HIP permits are non-transferable to other states. A separate permit is required from each state in which you hunt.

NONTOXIC SHOT

Nontoxic shot (steel or other federally approved nontoxic shot) shall be

required when taking or attempting to take ducks, mergansers, coots or geese. Nontoxic shot is also required when using a shotgun to take game birds or small game on the Springer and Table Mountain Wildlife Habitat Management Areas. A current list of federally-approved nontoxic shot types can be viewed at 50 CFR 20.21(j) (1).

CAUTION: More restrictive regulations may apply on national wildlife refuges. For additional information about federal regulations, contact Special Agent-in-Charge, U.S. Fish and Wildlife Service, P. O. Box 25486, Denver Federal Center, Denver, CO 80225-0486, (303) 236-7540.

OPEN HOURS FOR TAKING SMALL GAME, UPLAND GAME BIRDS AND WILD TURKEY

Small game animals may only be taken from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset.

PERMISSION TO HUNT, FISH, TRAP OR COLLECT ANTLERS OR HORNS

No person shall enter upon, travel through or return across the private property of any person to take wildlife, hunt, fish, trap or collect antlers or horns without the permission of the landowner or person in charge of the property. "Travel through or return across" requires physically touching or driving on the surface of the private property. The license must bear the signature of the landowner, lessee or agent of the landowner on whose private property the person is accessing or other legitimate proof as evidence that permission to hunt has been granted.

PHEASANT SPECIAL MANAGEMENT PERMIT

A pheasant Special Management Permit is required to hunt pheasants on some Department wildlife habitat management areas, some lands enrolled in the Access Yes Program and some state lands. Revenue from this permit helps finance pheasant rearing and stocking at our bird farms in the state. See page 17.

PRECAUTIONS WHEN HUNTING IN AREAS OCCUPIED BY GRIZZLY BEARS

Hunters and anglers are reminded grizzly bears occupy many areas in and around the Bridger-Teton, Shoshone and Caribou-Targhee National Forests in northwest Wyoming. The Department strongly recommends individuals working and recreating in these areas take precautions, including carrying bear pepper spray, to avoid conflicts with grizzly bears. Information about human safety and proper storage of food and other attractants in occupied grizzly habitat is available from the Cheyenne Headquarters, Department Regional Offices, U.S. Forest Service Offic-

es and the Department website. Regulations concerning food/carcass storage in occupied grizzly habitat can be obtained from the U.S. Forest Service. Report all conflicts with grizzly bears to the nearest Department Regional Office.

BE BEAR AWARE!

PROHIBITED ACTS

It is Illegal to

- Shoot or attempt to kill any wildlife from any public road or highway. No person shall fire any firearm from, upon, along or across any public road or highway. No person shall knowingly fire any rifle from the enclosed lands of one person onto or across the enclosed lands of another without the permission of both persons.
- Use any dog to hunt, run or harass any big or trophy game animal, protected animal or furbearing animal except as otherwise provided by statute. The Commission shall regulate the use of dogs to take mountain lions and bobcats during hunting or trapping seasons.
- Use any aircraft with the intent to spot, locate and aid in the taking of any big game animal from August 1 through January 31 of the following calendar year. Additionally, no person shall use any aircraft to spot, locate and aid in the taking of any trophy game animal during any open season. Nothing in this Section shall apply to the operation of an aircraft in a usual manner where there is no attempt or intent to locate any game animal, such as aircraft used for the sole purpose of passenger transport.
- Take and leave, abandon or allow the edible portion of any game bird, game fish or game animal (except trophy game animal) to intentionally or needlessly go to waste.
- Transport illegally taken wildlife across state lines; such transportation is a violation of the Federal Lacey Act.
- Abandon meat from a big game animal or game bird at a meat processing plant. Unless there is an express agreement between the processing plant and the person providing otherwise, any meat from a big game animal or game bird left at a meat processing plant for more than forty-five (45) days is prima facie evidence of a violation if written notice of the expiration of time has been attempted by the processing plant in accordance with rules and regulations promulgated by the Commission.

- Harass, pursue, hunt, shoot or kill any Wyoming wildlife except predatory animals with, from or by use of any flying machine, automotive vehicle, trailer, motor-propelled wheeled vehicle or vehicle designed for travel over snow. The Commission may exempt handicapped hunters from any of these provisions. It is also illegal to shoot waterfowl from a boat under power or sail.

PROTECTED BIRDS

Migratory birds that may not be taken, possessed, transported, sold or bartered include all migratory birds as defined and protected under federal law including, but not limited to, whooping cranes, bitterns, grebes, herons, egrets, kingfishers, loons, pelicans, seagulls, shorebirds, eagles, falcons, hawks and owls. Any insectivorous birds and songbirds not otherwise classified are protected. Trumpeter swans are also protected in Wyoming.

SHIPPING GAME ANIMALS AND GAME BIRDS OUT OF STATE

Except as otherwise exempt by state statute, no game animal or game bird, or any part thereof, shall be shipped or transported from the state except by the person who harvested the animal, and in possession of the proper license, stamp and carcass coupon as required, or unless the amount does not exceed twenty-five (25) pounds and is properly tagged with a Wyoming interstate game tag. Not more than twenty-five (25) pounds from any one (1) big or trophy game animal may be exported from the state unless the part to be exported from the state is of a nonedible trophy or hidelike nature and properly tagged with a Wyoming interstate game tag or the big or trophy game animal was legally harvested by a nonresident and is tagged with a Wyoming interstate game tag.

SHIPPING GAME ANIMALS AND GAME BIRDS WITHIN WYOMING

Except as otherwise exempt by state statute, no person shall ship, transport or receive for shipment or transportation within Wyoming any game animal, game bird, or any part thereof, unless tagged with a Wyoming interstate game tag, or unless the transportation of a big or trophy game animal is by a person in possession of a proper carcass coupon signed and dated by the person who harvested the animal, or the transportation of game birds or small game is by a properly licensed hunter in possession of not more than the daily bag or possession limit.

SKY-BUSTING AND RETRIEVAL OF DOWNED BIRDS

It is unethical and disrespectful to your fellow hunters to shoot at geese, ducks and other game birds beyond reasonable killing ranges. The law requires that you make a reasonable effort to retrieve and reduce to

possession any wounded or crippled migratory game birds you have shot. If you hit a migratory game bird and see it fall or land in a location you can legally access, then you have an obligation to search for the downed bird and attempt to retrieve it. If a crippled migratory game bird lands on adjoining private land, you have an obligation to seek that landowner's permission to retrieve the downed bird.

TAKING PREDATORY ANIMALS AND PREDACIOUS BIRDS

Predatory animals and predacious birds may be taken without a license.

VEHICLE RESTRICTIONS ON FEDERAL LAND

Sportspersons are advised that many areas of National Forest and Bureau of Land Management lands are subject to travel and vehicle use limitations to protect resources. Maps and additional information regarding these limitations are available at U.S. Forest Service, Bureau of Land Management and other agency offices near these public lands.

WATERCRAFT RESTRICTIONS

Waterfowl hunters should be aware certain bodies of water within Wyoming have watercraft restrictions on them. For a list of waters that have restrictions, please check the watercraft or fishing regulations or check with your local Department Regional Office.

WILD TURKEY HUNT AREAS WITH DIFFICULT PUBLIC ACCESS

Hunt areas marked with an asterisk (*) are predominantly private lands or have limited accessible public lands. If you are considering applying for a license in any of these hunt areas, you are advised to obtain landowner permission before applying. Obtaining permission to hunt after you receive a license is often difficult or impossible. You may hunt legally accessible state or public land within these hunt areas, but such lands are often small parcels that receive heavy hunting pressure and may not sustain the species of wildlife you desire to hunt. In addition, wildlife are often more abundant on the private land portions of these areas. Inability to secure a place to hunt is not cause for a license refund or exchange.

WILDLIFE VIOLATOR COMPACT

Wyoming is a member of the Wildlife Violator Compact. The Compact enables a violator from any member state to accept a wildlife citation and proceed on their way without being required to post an appearance bond unless the violation requires **MUST APPEAR** and **NO BOND ACCEPTED**. The Compact provides for the suspension of wildlife license privileges in the home state of any person whose license privileges have been suspended by a participating state. If you have had your privileges suspended in any of the participating states, you

may lose your privileges in Wyoming, in addition to all the participating Compact states. Additional information about the Compact can be obtained by contacting the Wildlife Law Enforcement Coordinator at (307) 233-6413.

WIND RIVER RESERVATION

Only non-Indian owned, fee title lands are open to the taking of wildlife with a State of Wyoming license. Land status is complicated and lawful access must be investigated thoroughly. Sportspeople are advised it is their responsibility to determine land status prior to entering these areas.

WYOMING STATE PARKS

Wyoming State Parks allow limited hunting opportunities at specific locations and may have additional restrictions and regulations for access and hunting. Sportspeople are encouraged to contact Wyoming State Parks at wyoparks.wyo.gov or contact the individual State Park Office for additional information prior to hunting.

SECTION 2. HUNTING REGULATIONS

- a. Federal Regulations. 50 CFR 20.21(i) revised as of August 8, 2019, which do not include any later amendments or editions of the incorporated matter, governing the baiting of migratory game birds, are adopted as regulations of the Wyoming Game and Fish Commission. Violations of these federal statutes and regulations shall be violations of the Commission regulations. A copy of Title 50 of the Code of Federal Regulations can be viewed at the Cheyenne Headquarters, Department Regional Offices or on the U.S. Fish and Wildlife Service website (www.fws.gov).
- b. Federal Migratory Bird Hunting and Conservation Stamp (federal duck stamp). A federal duck stamp is required for persons sixteen (16) years of age and older to hunt ducks, geese and mergansers. A federal duck stamp is not required to hunt coots, sandhill cranes, crows, mourning doves, rail or snipe. Federal duck stamps shall be signed in ink across the face of the stamp and shall be in possession of the hunter while in the field.
